This has 3/4 of the CVs you asked for. Betzy says that she'll forward (b) (5) in the next few days.

Subject: Update on Recruiting Reviewers

Hi Rebecca,

We wanted to give you another update on our progress in recruiting potential reviewers. We have contacted 32 candidate reviewers and now have 12 interested and available candidates. Eight of the candidates are human health experts and four are experts in environmental and health economics. Please find their CVs attached for your review, with the exception of (b) (5). I will forward you his CV within the next few days. We received COI screening information from 9 of the 12 interested candidates and will notify you when the COI screening is complete.

Based on the current list of interested reviewers, we consider (b) (5) to be strong experts in human health and they cover the areas of

expertise required in the PWS. For the environmental and health economics area, we consider (b) (5) to be strong experts in this field. I attached a matrix table showing the disciplines/areas of expertise for all 12 candidate reviewers.

Of the remaining 20 reviewer candidates, 10 are unavailable, and 10 have not responded at this time.

Interested

Experts in Human Health (epidemiology, toxicology, etc.)
